

**Updated: All our regular classes are temporarily suspended
with online classes being offered during this time**
Contact us at info@miniminds.comhk or 2808-1282 to schedule your online sessions!

We hope you that you and your family are staying healthy and safe!

In light of recent Hong Kong public events, we have since been developing our curriculum to be available online in a way that we believe only minimal adult guidance will be required.

With the latest coronavirus situation and keeping your children's health and safety as our utmost concern, we have decided to make our classes **available online for all course levels starting week of Feb 17th (Mon) via Zoom** for the time being.

We hope this will ensure the continual progress of your child's learning and also provide support to families during this unusual time.

To schedule online sessions or arrange alternative arrangement, please email us at info@miniminds.com.hk (in English or Chinese) or call us at 2808-1282.

Due to many incoming calls and emails, we apologize in advance for our delayed response. We will try our best to get back to you as soon as possible.

We will resume our regular classes as soon as the situation settles, and we look forward to welcoming all the smiley faces again! Be rest assured that we have heightened our hygiene and safety measures, including setting up multiple air-purifiers and alcohol-based sanitizers located throughout the centre and other standard increased measures. [Click here](#) for more details.

We hope you that you and your family are staying healthy and safe!

About our online classes via Zoom:

In light of recent Hong Kong public events, we have since been developing our curriculum to be available online in a way that we believe only minimal adult guidance will be required.

All our online classes are conducted by our team of teachers and are designed to ensure interactive engagement with your child with most of the sessions as real-time.

Please email info@miniminds.ocm.hk to schedule these online classes and we'll try our best to accommodate your child's schedule.

We'll be using Zoom, an online video conferencing platform that connects teachers and students virtually allowing teachers to engage with the students and ensure the students are able to have an interactive experience in the online classroom.

Set up is simple too – all you need is a smart phone, ipad or computer/laptop with stable internet connection, and earphones/headphones.

For those joining our online classes, we will provide details on set up and guidelines including a video demo and you can always reach out to our staff for support to ensure it will be a smooth online classroom experience for your child.

miniENGLISH (40-min live online session, max 2 students), \$475/lesson or apply credit from Jan/Feb payment

Through our online platform, students will have a chance to practise their conversational English with our teachers in a small group setting with max 2 children. The lessons will be theme-based with similar discussion and activities as regular class. With only max 2 children each class, teacher can focus on the language and development needs of your child while keeping the fun dynamics of a small group interaction.

miniPHONICS (40-min live online session, max 2 students) \$475/lesson or apply credit from Jan/Feb payment

During the online interactive sessions, students will cover the same lesson in their phonics workbook as regular class in a small class setting.

- Phonics 1: Students will review letter names and sounds we have covered already, as well as being introduced to two new letter names and sounds. Students will trace letter shapes in their book and complete the exercises with the teacher.
- Phonics 1b: Students will review vowel sounds together and then review two letters, with blending practice for each student. We will complete workbook activities as a class, and students will trace letter shapes in their book.
- Phonics 2: Students will review vowel sounds together and then review two letters, with blending practice for each student. We will complete workbook activities as a class, and students will trace letter shapes in their book.

With only max 2 children each class, teacher can focus on the language and development needs of your child while keeping the fun dynamics of a small group interaction.

miniSTARTERS (45-min viewing a guided video + 15 min 1:1 live online session) \$475/lesson or apply credit from Jan/Feb payment

Each week, your child will complete the same lesson as regular class using their Starters workbook by watching a guided video for the reading passage and exercise. They will be following along with the board work and bookwork as instructed by the teacher. This will be followed by a scheduled 15-min 1:1 online session with the teacher reviewing exercises and offering your child additional support specific to your child's needs.

Primary levels – Steppers, Learners & Writers

Steppers & Learners: \$2,880 covering a full topic & writing cycle same as 4 regular classes (\$720 x 4)

Writers: \$2980 covering a full topic & writing cycle same as 4 regular classes (\$745 x 4)

*** or apply credit from Jan/Feb payment**

- J Each topic will be covered in 4 live online sessions - a combination of two 90-min group Zoom live online sessions and two 20-min 1:1 live Zoom online sessions.
- J Students will follow the same lesson plan structure as group classes by joining 1 live online class each week - either group or 1:1. All discussion-based lessons (brainstorms, model compositions) will be conducted as 90-min group live online sessions to facilitate the sharing of ideas as students would in their regular classes. All draft-writing lessons will be conducted as 20-min 1:1 live online sessions with your child in order to best provide guidance with their writing that can be tailored to your child and their learning needs. These 1:1 live sessions will also allow the teacher to provide personalised feedback on any submitted homework.
- J Our teaching team strongly recommends students to complete a full topic in order to fully benefit from the comprehensive writing stages (brainstorming, planning, 1st draft, model composition, 2nd draft...etc) to maximize their learning. For our online classes, each topic is 4 lessons, and when classes resume as normal, instead of online sessions, the regular class will continue with the topic's lesson plan in a regular group setting.

** We understand some students may not be suitable for online classes, in which case, we will make alternative arrangements for you.*

Feel free to contact us at info@miniminds.com.hk regarding your preference. Our staff will also try to reach you in the coming week to follow up with arrangements accordingly.

Whatspp Tel: 9490 1504

If you are out of town, we will be calling from a whatsapp # 9490 1504 and you can also reach us during office hours 10:00am to 7pm (HK time) Please note this whatsapp number does not accept whatsapp messages as it is only set up for long distance calls.

Reminder

Since email or SMS may not always get through, please always visit our website www.miniminds.com.hk for the latest updates.

Contact us

If you have any questions, please feel free to leave us a voice mail or contact us at info@miniminds.com.hk (in Chinese or English) and we'll try our best to get back to you at our earliest convenience. Due to many incoming calls and emails, we apologize in advance for our delayed response. We will try our best to get back to you as soon as possible.

Partner with us in prayer

We continue to pray for the Hope of the Lord to fill the city, and may His presence gives you peace and comfort. ~ Psalm 91

Blessings,
miniMinds
